The House of FAMDENT swears by its mission of 'BRINGING DENTISTRY ALIVE'

The FAMDENT SHOW has firmly established itself as one of the premier platforms for dental industry's decision-makers. The Exhibition has been expanding every year, featuring top dental brands & suppliers showcasing innovative technological advancements through product demonstrations at the SHOW. It is India's most sought after platform for Dentists in order to source the finest Dentistry products. It highlights & hosts cutting-edge solutions & boosts business opportunities. The SHOW witnesses knowledge driven Scientific Sessions during the Conference & Hands-On Workshops. It hosts an element of competitiveness, rewards & recognition through Paper Presentations & e-Poster Competitions with the winners being awarded Certificates & Mementos. It is a perfect blend of Networking, Learning, Sourcing & doing Business! The Exhibition connects Industry with Academics through the presence of Deans, Faculty, Professors & Students from Dental Colleges in India. The SHOW witnesses involvement of State Dental Council which awards Continuing Dental Education (CDE) points. Local & Regional Dentist Associations play a very crucial role in marketing the SHOW and bring in high quality purchase and decision making oriented visitors.

FACTS & FIGURES - FAMDENT SHOW MUMBAI 2024 - 18TH EDITION

DENTAL INDUSTRY IN INDIA

Dentistry is one of the fastest growing Healthcare industry in India. Current estimates put the number of registered Dentists at over 3,50,000 excluding non-registered Dentists who are mainly based in rural areas. Coupled this with over 5000 dental laboratories and 325 dental institutes, the Indian dental market is vast and it is predicted that India will be one of the largest single country markets for dental products and materials. Every year approx 15,000 new dentists are joining to the Indian dental industry. Dentistry in India is expected to grow 20% annually - mainly due to following factors:

Increased oral care awareness by offline and online media, Growth in Dental Tourism - Due to the huge professional fees difference, this is an extremely lucrative revenue model for Dental Clinics, Increase in market size due to surge in number of Chains of Super Speciality Dental Clinics & booming demand for re-design & re-construction of smile and its aesthetics, Reduced Import duties and acceleration in Dental product imports, Dental Insurance - the next few years will see a major shift from fee paying patients to insurance ones.

The overall image of India in the world economy coupled with specific upheaval in the Dental segment, promises to double the growth in Dentistry in the next 5 years.
